About Us & Your Trainers

The UK's only recognised leather repair courses with an approved assessor & a training centre co-ordinator and an industry authorised leather repair training programme. Gain your QAA qualification now in automotive repairs.

All our training courses are based upon an International Qualifications Framework where there is an assessed outcome.

We have a management system in place, to ensure the assessor and the centre co-ordinator keep up with industry standards for repairs and restoration at all times.

The courses we run are run by the UK's finest professional instructor Richard Hutchins who has been involved in leather since the age of 14, over the years Richard has trained companies far and wide, from vehicle detailers, aircraft companies, furniture manufacturers, clothing companies, handbag companies, car manufacturers, yacht suppliers and even interior designers.

With our leather repair training centre being an approved centre it makes it very unique compared to others, you are provided with full approval and certification.

With our leather repair training courses being the choice of people today due to it's in depth hands on training, this gives the trainee a much better and clearer approach to leather repairs, far better than any other company in the leather repair training market today.

All courses that are booked are on a non-refundable basis and cannot be changed. Only under exceptional circumstances will a course be changed for you, if you just wish to change as that date is not acceptable to you any more then we will charge an additional £75 plus VAT on top of your course as we will have lost a slot for that date.

If you need to contact us directly at the training centre please call 01482 606864

Course Starting & End Times

Each day the course starts at 9.30 am and finishes around 4.30 to 5 pm after you have done the written part of the course, it's nothing daunting just 7 questions each day, which all form part of your training evaluation and go towards your pass scores.

What Do I Need To Bring On My Course

- Please bring with you on the day a leather item to work on, ideally a car seat from a scrap yard or a footstool or seat base.
- Suitable protective footwear.
- Suitable clothing for working with paints and chemicals.
- Any medication that may be required.

Additional Points While On A Course

Make sure you ask plenty of questions and bring a note book with you to make loads of notes and a camera to take pictures of what your doing.

We will go through all of our products to ensure you know what each product is for, what job it does and in what order they should be used.

Health & Safety

Health and Safety procedures need to be pointed out regarding safety when spraying and masks must be worn at all times when doing this. We will advise on correct storage procedures and disposal of unused products and how to store any solvent based products correctly.

Pricing & Marketing Help

We will help you to create a pricing structure enabling you, to easily and quickly price jobs up without the fear of getting it wrong.

We can help with marketing ideas and look at any plans you may have and discuss these in detail.

On Going Support

We provide lifetime technical help and advice. With full ongoing support with jobs, pricing and marketing help.

Colour Site

We have a dedicated website for colour this can be found at www.leathercolours.com
